

目 录-DIRECTORY-

船舶舰艇用铝及铝合金(1)

Aluminum and its alloys for ships and naval vessels(1)

欧洲铝工业回眸与借鉴

Review on European aluminum industry as a reference for Chinese aluminum industry

汽车铝合金副车架应用现状

Application status of the automotive subframe of aluminum alloy

铝合金锻造生产技术的发展

Development of aluminum forging technologies

稀土元素Ce、La、Y对5182铝合金组织的影响

Influence of rare earth elements Ce,La and Y on microstructure of 5182 aluminum alloy

铝材轧制油雾的回收和利用

Recycle of oil mist for aluminum rolling

铝型材挤压模销钉的压装

Press fitting of pins in the extrusion die of aluminum profile

采用Deform-3D对5083铝合金车轮锻造过程的模拟研究

Simulation of the forging process for 5083 aluminum alloy wheels with Deform-3D

超硬铝合金微弧氧化陶瓷膜层的耐磨性能

Wear resistance of micro-arc oxidation ceramic coating on super-hard aluminum alloy

超高压铝电解电容器用阳极箔腐蚀工艺

Research on corrosion process of anode foil for supervoltage aluminum electrolytic capacitor

防止5A06铝合金薄板折弯开裂工艺参数研究

Research on technical parameters of 5A06aluminum alloy for preventing sheet bending-cracking

新型3xxx系铝合金真空钎焊机理研究

Study on the vacuum brazing experiment of a new 3000 series aluminum alloy

服役后A6N01S铝合金型材焊接接头组织与性能研究

Study on microstructure and mechanical properties of welded joints of A6N01S hollow extruded aluminum alloy profile after service
